The Easy UnRoller assembles around your coils of cable, allowing you to run it off like a normal drum of cable.

Tronic Easy UnRoller

With Tronic it is possible to unwind the cable even without a holder by simply putting it down on any kind of surface. Any twisting of the cable inside the box is impossible. The coil is loaded by the help of a simple pressure.

| PART NO. | DIMENSIONS [mm] | | | WEIGHT | COIL SIZE | | | | | MAX RPM |
|------------|-----------------|-------|----------------------|--------|-----------|------------|--------|-----------|--------------|---------|
| | OD | Depth | Max BAR [®] | | Max OD | ID Min/Max | Max kg | Max Depth | Max Cable OD | |
| ECS-TRONIC | 310 | 103 | 18 | 0.7 | 295 | 80 / 180 | 7 | 80 | 10 | 130 |

Tronic Easy UnRoller +B

Two Tronic units mounted on a special holder in order to unroll more cables at the same time. It can be used in both vertical and horizontal position.

| PART NO. | DIMENSIONS [mm] | | | WEIGHT | COIL SIZE | | | | | MAX RPM |
|--------------|-----------------|-----|-----|--------|-----------|------------|--------|-----------|--------------|---------|
| | H | W | D | | Max OD | ID Min/Max | Max kg | Max Depth | Max Cable OD | |
| ECS-TRONIC+B | 335 | 335 | 280 | 2.6 | 295 | 80 / 180 | 7 | 80 | 10 | 130 |
